A Report of National Webinar

A brief Report of National Webinar	
Name Of The Institute	Dr. Babasaheb Ambedkar Mahavidyalaya, Peth Vadgaon
Organizing Department	Department of History
Title Of The Activity	"WOMEN'S EMPOWERMENT AND SUSTAINABLE DEVELOPMENT"
Date	02 nd August, 2020
Total Participant	120
Principal	Dr. Sarjerao Padmakar
Organizer	Dr. Ranjit Mane
This entire activity was conducted by Dr. R.P. Mane. Hon. Prin. Mr. J. C. Ghatage has guided and cooperated well for the proramme. In this program Dr. Nagarjun Wadekar and Miss. Shabana Mulla expressed his thoughts. and Prof. S.S. Wadave proposed a vote of thanks. The role of women is important in overall development. Hence their full participation is essential to achieve sustainable development". There is a dual rationale for promoting gender equality. First, equality between men and women equal rights, opportunities and responsibilities is a matter of human rights and social justice. And secondly, greater equality between women and men is a prerequisite (and effective indicator) of sustainable people-centered development. The perceptions, interests, needs and priorities of both women and men should be considered not only as a matter of social justice but as necessary to enrich the development process. The lecturers expressed this opinion.

Ban on plastics can surely help in saving our non-renewable resources which if once lost might not be retrieved later. The two major harmful effects of plastic usage are the carbon dioxide produced by it adding to the greenhouse effect and the other being the increasing collection of waste in the landfills and oceans. Youth-led organizations prove effective in raising awareness of the dangers of plastics to our environment by offering local community engagement workshops, organizing beach clean-ups, promoting plastic-free products, lobbying with local and national governments, and speaking at public events, schools and colleges.

That is the identity of man. Even in the crowd of millions of people, he will be recognized because of his unique personality. This is his trait. This is his personality. It is the law of nature that the shape of one human being is different from the other. This innate distinction of shape is not confined to shape; The same disparity remains in his nature, sanskars and his tendencies. In this inequality lies the beauty of creation. Nature decorates itself in a new form every moment. We cannot see this moment-to-moment change in the same way that we cannot differentiate between one rose flower and another. We can
